

BRAINSTORMING

Volume 4, Issue 6

November/December, 2019

Brainstorming is an on-line publication of the National Alliance on Mental Illness (NAMI) - Wichita Affiliate. It is made up of articles encompassing the topic of mental illness. Information provided in this e-magazine is for informational purposes only, has not been researched or independently verified and is not intended as medical advice. Views published in Brainstorming are those of the individual authors and contributors and do not reflect and are not endorsed as local, state or national NAMI positions. To read the full articles, right click on the "Read more" link following the introduction to each article and open the hyperlink. To submit articles and other material to be considered for inclusion in this e-magazine, contact Lynn Kohr at lkohr@cox.net.

Impulsivity: What's Happening In The Brain

Impulsivity is a common symptom of bipolar disorder, even outside of mania. Researchers are working to pinpoint why this predisposition toward rapid, unplanned reactions occurs.

10 And Counting: Your Guide To The Candidates Competing For Kansas U.S. Sen. Pat Roberts' Job

Republican U.S. Sen. Pat Roberts says he will not run for re-election in 2020, opening the door to a parade of candidates announcing a run or considering jumping into the race to replace him. Multiple Republicans are eyeing the seat, and it could be the first time Democrats have a competitive U.S. Senate primary since the 1990s.

Here's the rundown of who's seeking the seat in Washington:

Rapid Cycling & Mixed States: Help Your Doctor Understand Your True Feelings

Sometimes you have so many high highs and so many low lows that are combined. And this makes mixed states so hard to differentiate how you're truly feeling.

My doctor says I'm "doing well," but I don't think so. Is it true that I can look better than I feel?

Neighbor Was Following Her With Camera. Civil Courts Also Dealing With Mentally Ill Without Many Tools

The neighbor asked the judge for a restraining order against the man who lived next door.

He was video taping everyone. Each time he stepped outside, he had a camera and recorded whoever crossed his path, including children. He became fixated on her. If she left her house, he appeared with his camera. She couldn't go on a walk without being followed. Couldn't visit the grocery store.
